2. [REDACTED] Received a call from Major Whisler, Office of Legislation, Department of the Army, concerning the request of a soldier serving in Vietnam that was forwarded by former Representative Philbin of Massachusetts. Major Whisler indicated that he would be talking to Mr. Philbin during the afternoon and inquired whether positions in the civil advisory category in Vietnam were available for a soldier who would be finishing up on agreed service in July, 1971. I told him that we would be glad to review the individual's application upon return from overseas, but that I could not be optimistic of his chances for employment at this time. Mr. Whisler thanked me and indicated that he was trying to save further Washington calls or correspondence for Mr. Philbin.

3. [REDACTED] Received a call from Miss Diane McCormick, in the office of Representative Ken Hechler (D., W.Va.), who requested employment applications for a constituent. The applications will be forwarded.

7. [REDACTED] Mr. Maury and I hand carried to Ed Braswell, on the staff of the Senate Armed Services Committee, a copy of the prepared statement as given by the Director at the full Senate Armed Services Committee briefing on 4 March. We also gave him the following: statements on Pakistan and Chile in response to a request from Senator Margaret Chase Smith (R., Me.), items on Soviet ground forces and tactical air units in response to a request from Chairman Stennis, a piece on Cuba, and a copy of the floor statement of Representative Mendel Rivers made last year on the Soviet navy. Braswell said he would review this material and let us know if anything further was needed.

Braswell referred to Senator Henry Jackson's statements on "Face the Nation" on Sunday about new Soviet missile activity. He said Senator Stennis was curious about this and they wondered if we had authorized Senator Jackson to make these statements. We assured that we had not.

8. [REDACTED] Left with Nancy Doten, in the office of Senator Gaylord Nelson (D., Wis.), material which she could send to [REDACTED] Marquette University to assist him in gaining access to [REDACTED] reports.

14. [REDACTED] Met with Bill Woodruff, Counsel, Senate Appropriations Committee, who confirmed plans for the Director's appearance before the Defense Subcommittee at 0930 hours on Thursday, 18 March. Woodruff said the briefing should cover the "strategic threat" i.e., that intelligence regarding hostile forces which should be the foundation for consideration of the U.S. defense budget. Woodruff said he had explained to Chairman Ellender that the briefing would consist of the Directors conclusions, based on all the intelligence available to the various members of the U.S. intelligence community, and that these conclusions would be shared by other members of the community unless otherwise specified.

Woodruff also commented that he had not yet received the Office of Management and Budget letter regarding the Agency's FY 1972 budget. Colonel White has been informed.

In addition, Woodruff said he would like to have again this year the Agency's breakdown of the full [REDACTED] representing the total budget of the whole intelligence community. [REDACTED]

16. [REDACTED] In discussing the above problem with Bill Woodruff, Counsel, Senate Appropriations Committee, Woodruff reiterated his earlier contention that the Agency should be made public as a regular line item in the national budget. Only in this way, said Woodruff, would the rank and file in the Congress, and the general public, be convinced of the relatively small share of the national intelligence budget CIA represents.

Eagleton and Vossmeyer will be leaving for Vietnam on the 7th of April and had requested a briefing in connection with the travel.
